

MANGLED BODIES IN COLLISION OF CARS

Motormen on Electric Line Failed to See Each Other at a Curve and Crash Resulted With Terrible Results

PORTSMOUTH, N. H., July 22.—Fifteen persons were injured, eleven seriously and three probably fatally in a collision between two electric cars on the line of the Portsmouth Electric Company near this city early this evening.

The cars crashed together on a steep grade while rounding a curve, neither motorman seeing the other car in time to prevent the collision.

LARGE CROWD GOING TO THE LAKE TODAY

If you failed to purchase your ticket for the excursion during the week you will be compelled to take your chances this morning, for indications point to a large crowd intent upon spending the day at Lake Tahoe. The train will start promptly at 7 o'clock this morning and will run ahead of the flyer all the way to Truckee. The Tahoe special will be in waiting at that place and it is planned to reach the Tavern in time for breakfast. The fare to the lake and return will be \$2.25. The ride around the lake on the small steamer will be \$1, while \$1.50 will be charged on the large boat.

He Is Known in Reno
S. M. Williams, an old time resident of Alturas, Modoc county, and well known in Reno, is missing from his home and friends believe he has been waylaid and killed by highwaymen or Indians. He is deputy license collector and sheep inspector of Modoc county and started out on a business trip about thirteen days ago. Since that time he has not been seen. Searching parties are now in the hills in an effort to find trace of the missing man. Mr. Williams has a wife and family residing at Alturas.

Body of John Paul Jones Reaches These Shores Under Great Naval Escort for Final Burial at Annapolis

ANNAPOLIS, July 22.—All the details of the transfer of the body of Admiral John Paul Jones from the cruiser Brooklyn to the naval academy have been arranged. The ceremonies are to be simple. The "oomp and circumstances" being reserved for the time of the removal of the body from its temporary vault into which it will be placed Monday, to its permanent resting place, the crypt of the splendid new naval academy chapel. This will likely be a year hence. The ships of Admiral Sigbee's squadron will anchor for the night fifteen miles below Annapolis. Tomorrow morning they will take up their position just outside of Annapolis harbor.

EGAN IS HOT AFTER BRITT AND NELSON

"Just as I expected," said Joe Egan, the prize fight promoter and mining man, after his return to Reno last night in discussing the outcome of the Britt-Sullivan fight.

"Sullivan has not had the experience and is not possessed of the head to go against Britt and win. Had the fight been to a finish it would not have lasted twenty rounds and Britt would have won, even then.

"What I want now is to bring Britt and Nelson here. It will be a big drawing card and the outcome will settle for all time the much disputed question of who is the better man of the two. I had a talk with Mr. Livingston this evening and he instructed me to get into communication with the two fighters and use every effort to match them for a fight in Reno or Carson City."

Griffin Charged With Felony
J. H. Griffin, charged with felony by J. Marymont, the merchant of Center street, whose store Griffin attempted to rob of money in the cash drawer the other day, was brought before Judge Nash yesterday.

The examination of his case was set for next Tuesday at 2 o'clock. It is stated that Griffin had several skeleton keys in his pocket when caught.

Died in State Hospital
Mrs. Jane Smith died at the State Asylum yesterday morning. She had been a resident of Reno for nearly three years, her husband until last June being with the Nevada Meat Company, but at present in business in Fresno. Mrs. Smith had been receiving treatment for several weeks, but gradually failed and her demise was not unexpected.

COPENHAGEN, July 22.—Emperor William is expected here July 27th on a one day visit to King Christian. It is expected that the question to vacate the Norwegian throne will be discussed.

ONE OF NEVADA'S PIONEERS ENDS LIFE'S WORK

George Henry Douglass, Loved, Honored and Respected By Everyone, Closes His Eyes and Peacefully Passes to Eternal Rest

GEORGE HENRY DOUGLASS, one of the most honored and active pioneers of Nevada, closed a long and eventful life yesterday afternoon at the home of his son in law, W. H. Noyes, on Granite street, this city. He deceased was in his seventy-second year and passed calmly away, surrounded by members of his family.

His wife died several years ago, but seven children and one brother are living to mourn the final departure of the father, whose noble life continued to be a benediction upon them.

The superintendent of streets, John Douglass, is the brother, while the children are Mrs. W. H. Noyes, Mrs. S. M. Sample, Mrs. Sardis Summerfield, Mrs. J. H. Wood, Mrs. J. L. Hash, Mrs. Fannie Dougherty, Miss Olive Douglass and Harvey Douglass. All but three reside in this city.

Few men enlisted greater esteem from those with whom he came in contact, either in business or social life, by virtue of his sterling qualities than did George Douglass, whose memory will ever be cherished by a legion of loyal friends. To those this hour is truly a sad one.

The funeral services will take place tomorrow morning at 10 o'clock, Rev. Unsworth officiating. It is expected to arrive in Reno in time. The interment will be in Hillside cemetery.

Expressive of the general sentiment regarding this noble character are the words of H. H. Beck, embodied in the following testimonial, as coming from one whose opportunities for knowing the real worth of the man were probably greater than any other of his close friends.

"And now, owing to the action of the Reaper and the will of Him whom we are taught does all things well, it seems my very sad duty to note the fact that still another of the old timers of Washoe county has answered the last call and gone hence forevermore by the death this day of George Henry Douglass, one of the energetic state builders of Nevada.

"Born in Maine in August, 1832; he lived very nearly seventy-two years. His parents were of Scotch descent, and of hardy mould, who raised among the pines of Maine ten hardy children—five sons and five daughters. In 1855 the home nest becoming too crowded,

for comfort, George being anxious to carve out a competency for himself, followed the advice of Horace Greeley and came west. Having been raised to believe that labor is honorable, he shunned neither hard work nor hard knocks and this writer knows that for forty-four years he had his full share of each. However, it is doubtful if he ever complained.

"During the first four years on this coast he engaged in mining and lumbering in Northern California, but with indifferent success. In 1859 he came to the Comstock mines and a year later to Washoe Valley, where he assisted in the building of the great Ophir reduction works and it was here, in February, 1861, that he met with an accident that maimed him for life and still he complained not.

"During the fall of 1861 Mr. Douglass and this writer formed a small commercial concern in Ophir under the firm name of George H. Douglass & Co., which terminated in a few years satisfactorily. In 1864 Mr. Douglass married Miss Ellen O'Neil as his life partner. To this union was born, following the example of his parents, ten children, except in this case there were four sons and six daughters, all of the latter constantly and affectionately ministering to his wants and needs and when the supreme moment came, in turn kissed their loving father's last good bye.

"From my long and always intimate association with George Douglass it now pleases me to testify to his fairness in all business relations, to his kindness of heart, not only as displayed to a loving family, but to all his neighbors as well. That he ever preached or professed religion or Christianity, I think not, but I fear not in bearing witness that he did better—he practiced both. He measured his conduct by the Golden Rule, so that the dear ones who mourn need not grieve over the peaceful response of Saint Peter when George Douglass applies for admittance, for I feel sure his record will include the words, 'During life an honest man.'

"There is crepe on the door, 'tis true, but cannot the loved ones left behind indulge the hope that he is not dead, but sleepeth. Farewell, old partner. Sleep well."

ONE BY ONE LIST OF DEAD ON BENNINGTON IS BEING ADDED TO

SAN DIEGO, July 22.—The Bennington horror which yesterday shocked the entire nation by its long roster of casualties, is growing greater with each passing hour of the day. The wildest early estimates of the terrible results of the explosion have not been exaggerated and instead of lessening the extent of the catastrophe, later and more complete details have added to it.

The dead at the morgues is 55; the dead in the flooded fire room is 7; injured who may die 10; missing, 16; total, 88.

Commander Young believes the missing were drowned. Captain Drake and Surgeon Smith from Mare Island are upon the scene, the former to direct the operations on the wrecked vessel, the latter to assist in caring for the injured and burying the dead.

The Bennington tonight lies deeper than ever in the mud of the shallow waters near the shores of the bay. Until the flooded compartments are pumped out the secrets and horror of the chamber can not be revealed. Commander Young does not agree with Rear Admiral Race, chief engineer of the navy,

BANDIT'S BULLET KILLS CHIEF OF POLICE

One of a Number of Murderers Who Take Lives of Russian Officials Add Another to List of Victims

HELSINGFORS, July 23.—Colonel Kremarenko, the chief of police, was shot and killed yesterday by a man named Procopio. He was arrested and identified as an accomplice of the man who recently attempted to assassinate ex-Governor Missojedoff.

Evidence of Unknown Murderer
BAKERSFIELD, July 22.—The ghastly discovery of a badly decomposed body which points convincingly to murder, was made here this afternoon by teamsters on an island in Kern river. Two small holes in the skull were evidently from bullets. Identification is impossible.

THERMOMETER CLIMBS UP TO 105 IN RENO

Yesterday was one of the hottest days in Reno in many years. The thermometer at the corner of Virginia and Second streets registered 105 degrees in the shade at 2 o'clock. At other places around the city it went up to 97 and 88.

Of course everyone complained of the heat, but unlike the unfortunate creatures who are now sweltering in the East, their complaint was good natured and not the result of suffering. Not a single prostration was reported.

Relative of Renoite on Bennington

One of the gunners of the ill fated gunboat Bennington was Albie Schergie, a cousin of Mrs. H. B. Maxson of this city. Mrs. Maxson is naturally very anxious to learn whether her relative escaped from the terrible fate which befell so many of his associates.

Gunner Schergie, has been in the naval service for a considerable time and has been ranked among the first of Uncle Sam's crack gunners among those of the Pacific squadron. Word of his safety is being eagerly awaited.

Still Holds the Record
George Kormmayer still holds the Nevada half mile bicycle record of 53 seconds flat. The nearest approach to it was made by McKenzie Friday, when he made the distance in 53 2-5. At the time it was thought Mr. McKenzie had established a new mark but investigation shows different.

FIVE MILE PURSUIT RACE BEFORE RELAY

A bit of extra spice is to be added to the fifty-mile championship race at the state fair grounds this afternoon. A five-mile match pursuit race has been arranged between Artie Aguayo and Sen Chischil. The last named young man is said to be a newly found wonder, with a spurt that lasts clear through to the finish. Aguayo is a wonderful little rider. He carried off the honors in the Nevada Cycle Company's ten mile handicap early in the year and in the Carter & Dum road race was second. He is a strong fast rider. This promises to be an exciting event and will be stubbornly contested. Friends of the young men have made a side bet of \$30 on the outcome of the event.

Virginia Eagles Plan Picnic

Comstock Aerie of Eagles, one of the largest in Nevada, is preparing to take an outing. It will be at Bowers' Mansion on Sunday, August 6th. It will be one of the best picnics of the year and a record crowd is expected. Special rates will be made by the Virginia and Truckee railroad, both from Virginia City and way points as well as from Reno.

THE HUETER KILLING

REFERRING to all cases of mysterious crime committed by men the French have a saying "Cherchez la femme"—"look for the woman." And the opposite—look for the man—might with equal truth be used in the case of nearly every mysterious crime committed by a woman.

The first case against a woman in the "Celebrated Trials" is that of Mrs. Aiden of Feversham, who murdered her husband in 1551. The account says that "he was a tall and comely person, and married a gentlewoman, who was young, well-shaped, and in every way handsome," but having unhappily contracted an unlawful familiarity with one Mosbie a black swarthy fellow, servant to Lord North, she made up her mind to put her husband out of the way in order the more conveniently to continue her liaison with Mosbie. How she did so, and how the murder was detected and she and her accomplice brought to justice, form one of the most wonderful stories in the annals of modern jurisprudence and serve to reaffirm the oft repeated saying that truth is stranger than fiction.

Miss Mary Blandy tried in 1752 for the murder of her father is another case in point. Her father was an advocate of ability, a man of considerable fortune and a kind and indulgent parent. Miss Blandy fell in love with a Captain Cranston—a man of insignificant presence, peckmarked, and half blind—and wished to marry him to which wish her father was at first favorable but upon learning that Cranston had a wife in Scotland from whom he was not divorced Mr. Blandy refused his assent to what appeared to be and really would have been, a bigamous union. The infatuated girl was so far gone in this attachment however that rather than brook the delay required by her father for an investigation of Cranston's matrimonial affairs she determined to murder her father and accomplished her design by means of poison his death being a particularly slow and painful one.

Another celebrated case of that period was the trial of Anne Beddingfield for the murder of her husband in 1763. Mrs. Beddingfield was the wife of a prosperous Suffolk farmer but having conceived an unlawful affection for a youth of nineteen who worked on her husband's farm she persuaded the latter to murder Beddingfield. She and her youthful accomplice were detected, tried and condemned Mrs. Beddingfield being strangled at a stake and her body burned to ashes which was the customary punishment in the case of husband-murder in England less than one hundred and fifty years ago.

These cases are recalled by the recent occurrence at Alma California where Hueter the well-known print and oil wholesaler of former days in San Francisco was killed by his wife. Hueter was shot in the back of the head and was found lying in bed by the first newcomers on the scene. Yet when his wife alleged self defense the colonel's jury promptly acquitted her of blame. The sheriff however was made of sterner stuff and held her until the district attorney should decide what action should be taken. It was almost a foregone conclusion that she would be liberated with but slight delay when the discovery came to light that Mrs. Hueter had been engaged for some time past in an intrigue with a Los Gatos physician.

A stricter investigation is now to be made and while she was the only witness of the killing circumstantial evidence may be unearthened to show that the surrounding incidents were not as favorable to her as she would make them appear.

It would be unjust to accuse the woman of murder without any positive evidence to that effect. But whether she be guilty or not one thing is certain, that the physician from Los Gatos was a large factor in the killing of Adam Hueter.

NEW OFFICE CREATED

MR THEODORE P. SHONT'S, chairman of the Panama canal commission, visited the president at Oyster Bay last week, and after his interview with the executive announced, among other things, that when he returns to the isthmus he intends taking with him a director of amusements.

This is a new office created under the government, and the official will have the difficult, but decidedly pleasant task of devising entertainment for those engaged in the canal work.

This professional entertainer is expected to organize clubs along the route of the big ditch and provide other amusements for the employees.

Judging from the reports that have come from the isthmus, the men down there would enjoy a change of pastimes, which up to date have been confined to slapping mosquitoes and dodging yellow fever.

In order to hold the men on the canal work it is necessary to give them something more pleasant to think about at times than the insect pest, and the chances of sudden and disagreeable death.

This is said to be the first time that the United States has gone into the amusement business, and it is not expected that it will extend its field of operations to the

extent of doing battle with the so-called theatrical trust. When this nation becomes as thoroughly socialistic as some of our friends would have it, doubtless it will furnish entertainment for the whole people, and in this respect will outdo the efforts of the present socialistic party.

THERE will be no politics in the building of the canal, says President Shonts. Just now the congressmen are too busy with their vacations to bother Mr. Shonts, but he may change his view later.

THE Greeks are said to be crowding out the Japanese on the Southern Pacific section gangs. Maybe the recent victories won by their country have made the Japs too strong to work.

SENATOR DEWEY is better off than Senator Mitchell, for the government is not expressing any desire to pay for the New York gentleman's board and lodging.

THE Japs are about to invest Vladivostok. That's about the only kind of an investment that John D. Rockefeller wouldn't try to take away from them.

EASTERN people are looking forward to the future, feeling assured that it cannot be as hot as the present and immediate past.

SECRETARY WILSON, of the agricultural department has a Hyde to show for his recent leak-hunting activities.

"RIDE FOR YOUR LIFE, MAY BEST TEAM WIN"

Trainer Hart Has His Riders In Fine Condition and Victory For Reno Is Prophesied In Great Race With Oakland Today at State Fair Grounds

At 2 o'clock this afternoon at the state fair grounds the starter's pistol will send the riders of the Oakland Wheelmen and the Reno Wheelmen off on what promises to be the hardest race ever witnessed in this state. The Oakland boys left home last night. They will be here early this morning and are coming more determined

case of "try to get away" from the crack of the pistol, for those close finishes, while exciting, are not comfortable and Reno is not going to jeopardize its chances by allowing the race to go to the last mile in doubt. This of course means that the local team will open a gap if it can, and it must be reckoned that while the Reno

"Ride for your life, boys; but may the best team win," were the parting words of Trainer Hart as his team quit training last evening. "They could not be in better condition," said Mr. Hart in discussing the coming race last night. "I do not see how they can lose and believe the championship title will rest in Nevada

than ever before that they are going to win.

This is not all; they have been training faithfully for weeks, first to defeat the Garden City and last but not least the greatest of all to wrest victory from their old time friendly rivals, the boys of the Sagebrush state. It was bad luck more than anything else that caused them to lose against the San Jose team by a few feet. It will be different this time, says Captain Moffitt.

On the other hand Reno is also doing some figuring. Everyone admits the race today will be close. It will be a

YOUNG KID M'COY IS LOOKING FOR A FIGHT

Young Kid McCoy is in Reno, willing and ready to fight any man in his class at any time or place. The husky little youngster arrived yesterday from San Francisco.

He is particularly anxious to meet Jack Roberts or Charles Matt; in fact he stated that if satisfactory arrangements can be made he is willing to meet both fighters in one night.

The license in Nevada will probably interfere with arrangements being made to pull off the match in this state. In that event Truckee may be selected as the meeting place.

Fiscal Agents for the Prichett-Dahl Mining Company. Mines at Secret Canyon, White Horse District, Thirty-five miles from Reno

THE PRICHETT-DAHL MINING CO. own the great "Secret Canyon Strike" located in April of this year by Prichett & Dahl about which so much has been written, and which has contributed largely to the present prominence of the White Horse and Olinghouse Districts. The holdings of this company bid fair to become one of the Great mines of Nevada, and the present opportunity to secure the stock at a low figure should not be overlooked by the cautious investor.

THE PRICHETT-DAHL MINING CO. has appointed the RENO STOCK BROKERAGE CO. fiscal agents, and we are offering the public the first block of stock at 10c per share. This allotment is sure to be subscribed very rapidly and our advice is to make your subscription at once. We will be glad to submit reports, literature, prospectus, etc., on application.

REMEMBER this is THE BIG MINED WHITE HORSE AND OLINGHOUSE, and history will repeat itself inasmuch as the wise investors who "got in" on "Tonopah Mining," on "Combination," on "Jumbo," and "Bullfrog Mining," which were the BIG mines of their respective districts have all "cleaned up" handsomely; and again we say, "History will repeat itself." Watch the daily papers for reports of Progress on this mine, as no mining information from White Horse or Olinghouse will be complete without mentioning this GREAT PROPERTY.

Again We Call Your Attention to the Fact that We Are Fiscal Agents for the

**Montgomery Hill Mining Company
AND
Armagosa-Bullfrog Mining Company**

Both Are Located in the Bullfrog District

The MONTGOMERY HILL MINING CO.'S STOCK is selling at 15c per share, with only a small amount left at that price. This property situated on Montgomery Mountain adjacent to the great Montgomery Shoshone, will without doubt make one of the great mines in Bullfrog District. Development is under active headway with very flattering prospects.

THE ARMAGOSA BULLFROG MINING CO. is composed largely of and officered by local men whose names alone are a guarantee of a "square deal." This stock at 10c per share is an excellent buy and we advise its immediate purchase.

We shall be pleased to supply literature, prospectus and other data upon request.

THE RENO STOCK BROKERAGE CO. also handles on commission any legitimate listed or unlisted mining stock anywhere; being in constant telephonic connection with our board members on the San Francisco Stock Exchange Board, we can transact business in 15 minutes in any listed stock at market prices.

ENTERTAINED BY THE WOODMEN

Moonlight Picnic and Dance Given Last Night in the Grove on the Lincoln Park Tract

Members of Sparks lodge, Modern Woodmen of America, and their friends numbering in the neighborhood of 200, invaded the shady grove of poplars at Lincoln Park in this city yesterday morning and spent the hot hours of the day in a regular old fashioned picnic. The grove had been well supplied with swings and comfortable hammocks could be seen in nearly every portion of the shady place. The lodge members had also placed large tanks of lemonade in several shady corners of the grove and had provided every comfort possible for themselves and their guests.

While the poor mortals sweltered on the hot streets of the city and sought the shade of every awning to escape the fiery rays of old Sol, the Woodmen and their friends reclined beneath the cool leaves of the poplars and enjoyed perfect life. The day was taken up in playing games and in conversation and singing. Julien's orchestra was present and provided the sweetest of music. At noon a sumptuous feast was spread on the lawn in one portion of the grove and all present proceeded to make the inner man contented and happy.

When the red sun had sunk below the mountains and the old moon made his appearance, the orchestra occupied a place on a large dancing platform and from early in the evening until a late hour of the night the picnickers enjoyed tripping the light fantastic. The platform was as smooth as a ball room floor and the music furnished by Julien's orchestra was superb. So pleasant was the dance that the merry makers were loath to bring the affair to an end even when the first hours of a new day began to be counted off.

During the hop lemonade and light refreshments were served by the hosts, who thought of every feature that would add enjoyment to the occasion. News of the pleasures of the afternoon had reached Reno and in the evening many Renosites boarded the electric cars and made their way to the grove to participate in the pleasure.

Terse Tales of Town

W. D. Jones and wife left last evening for Austin, at which place they will join a camping party and be absent one month.

Sheriff Sweeney of Eureka county, after a pleasant visit with friends in Reno, departed last night for his home on the Base Range.

Clarence Whiddett, Frank Peterson, Fred Corle and John Woodcock left last evening for Bijou, on Lake Tahoe. They will be absent about a week.

Miss Dicie Jamison, with her mother and Miss Nicholas, left the city last night for Santa Cruz. They will spend some of the hot days at this popular resort.

Mr. and Mrs. W. D. Knight and Mr. and Mrs. P. G. Jenkins leave this morning for Virginia City on a visit to friends. They intend to return tomorrow.

L. E. Stanton, contracting freight agent for the Chicago, Milwaukee and St. Paul railway, spent yesterday in Reno. He departed last evening for the coast.

James T. Dunn, the brilliant young attorney, accompanied by Judge Robinson, both of Winnemucca, came in from Carson yesterday and plan to start for their home in Humboldt county this evening.

N. Des Marais, for a number of years a resident of Eureka, this state, has been spending a few days in Reno visiting old friends. Mr. Des Marais plans to leave for San Francisco next week. He has not determined whether he will return to Nevada.

Haystack Burned
James Burke of Steamboat lost a stack of about 100 tons of hay by fire at his ranch last Friday. The stack was of last season's crop and stood by itself a mile east of the railroad track in the middle of a green alfalfa field and the origin of the fire is therefore a mystery.

New Yorkers Marry in Reno

TWO ROBBERIES WERE ATTEMPTED

Unknown Persons Sought to Force an Entrance to the Crystal Saloon and Carpenter Shop of G. A. Larson

Two robberies were attempted in this city last night. Some person or persons attempted to force an entrance to the rear window of the Crystal saloon and succeeded in breaking the glass. It is not known whether the robber entered the building or not, but nothing was missed from the saloon yesterday. There is no clue as to whom the visitors were. The work was done after 4 o'clock, as the house was open up to that time. The officers are working on the case, but up to the present time have not met with any success.

The other attempt was made at the home of G. A. Larson. At an early hour yesterday morning he was awakened by a noise at the rear of his carpenter shop, which adjoins his residence. He got up and searched the premises, but was unable to locate any one. An examination of the carpenter shop yesterday showed the marks of the tools used by the would be burglars. It is thought that the work was done by a gang of tramps who have been here for the past few days.

Returned From the Hospital
W. Hawkins, who was struck in the eye by a piece of steel and sent to the hospital for treatment, returned to this city yesterday. He expects to resume his duties in the machine shop at once.

MAKING IMPROVEMENTS AT WIELAND'S PARK

Harry Heldman, proprietor of Wieland's Park, has begun some improvements at that well kept establishment which will add very much to the popularity of this already well patronized resort and make it one of the most pleasant places to spend the hot summer days in this locality.

A large dance hall will be constructed in the large yard to the rear of the building and the entire place will be covered with a beautiful arbor of hops, making it a very cool and inviting place.

H. C. Thompson, formerly chief mixologist at Eckstein's saloon at Reno, has accepted a position at the park and will greet everybody in his usual genial manner.

Will Visit the Coast
J. W. Smith and family left last night for a three weeks' pleasure trip to Santa Cruz and other summer resorts on the coast. Mr. Smith is an engineer on the coast end and is spending his summer vacation in this way.

that it was caused by high explosives. He said:

"That is entirely wrong. There were no high explosives in the part of the ship where the explosion occurred. I am positive that it will be found that all the damage was caused by the boilers."

Ensign Perry's widow arrived here this afternoon on the train from San Francisco. Until she was met and told by Lieutenant Yates she did not know that her husband was dead.

Tomorrow the Bennington's dead will be accorded all honors of a military funeral and the bodies will be interred in the cemetery at the Point Loma reservation. The procession will start from the plaza, in the center of San Diego, at 2 o'clock. A score or more of hearses and undertakers' wagons will carry the bodies, together with the masses of flowers, to Fort Rosecrans. There religious services will be performed.

Paul, the grinder, was robbed of a quantity of tools, razors, etc., early yesterday morning at his home. The loss was \$20. No arrest has been made.

Big Sheep Shipment
Reno and its vicinity is not wrapped up entirely in mining. Yesterday eighteen cars of sheep in fine condition were shipped from the yards here to the Chicago markets by the Western Meat Company.

STILL ON THE TROUBLED SEA

"The Goods" of the Washoe Power and Development Company Still Undelivered

Quite a stir was created by the Journal's announcement yesterday that the big power deal by which the Reno Power, Light and Water Company and the Washoe Power and Development Company were to be merged was about to fall through.

The small stockholders of the Washoe company continued to hold meetings and the heavy stockholders held a few sessions, but with the same result. The trouble has not been fixed up and according to one of the Washoe men it is not going to be straightened out without a struggle.

It develops that the stockholders are not of one mind regarding the proposed sale. Some of them do not want it carried through and this element is due the fact that the "goods" were several shares short when it came to turn the deal.

The eastern men who came here to take over the property are not in the best of humor at the turn the negotiations have taken. It is said they were assured that no obstacle would be thrown in the way of the sale. Whether this will result in the matter being aired in the courts is not known at this time, though some talk of a suit was heard yesterday.

A STORAGE PLANT FOR SPOONVILLE

E. C. Brown was in Reno yesterday from his creamery and mercantile company at Spoonville, Cal., in the Honey Lake valley. Mr. Brown reports that all the people in the valley are in good spirits over the outlook for the running of the new Western Pacific railroad through that country in the near future. They have everything there now to insure a wonderful development, excepting a ready outlet for their products westward and this will be supplied by the prospective railroad.

Mr. Brown stated that he was about to erect a complete cold storage and ice plant at his extensive creamery. He ships at present 20,000 pounds of fine butter each month to this city alone.

Resolutions of Respect

Whereas, it has pleased Almighty God to take from our midst our brother the late J. J. O'Brien, and Whereas, it is the sense of the members of this council that in the taking away of Brother O'Brien we have lost an honored member, the country a respected citizen and his bereaved family a kind and loving father and husband, therefore be it

Resolved, that the members of this council extend to his bereaved family and friends our heartfelt sympathies, with the consolation that "He doeth all things well." It is also further

Resolved, that a copy of these resolutions be placed upon the minutes of this council and that a copy be furnished the family of our departed brother.

The Best Bicycles Made

Are the Nevada, Racycle, Tribune and Columbia, and for the road or the track they are the easiest running and most durable. The Nevada bicycles are guaranteed forever; the Racycle took the grand prize at the St. Louis World's Fair in 1904; the Tribune is the fastest wheel made and the Columbia is the standard for the world. We sell only the best wheels and all our repair work is guaranteed and prices are reasonable. We have the best equipped shop in Nevada and know how to do the work. Nevada Cycle and Manufacturing Company, 11 West Second street.

Enjoyable Lawn Party

Miss May Haggood of San Francisco was honored special guest at a delightful lawn party, given for her last evening by Miss Echo Mapes, whom she is visiting at her cozy home on Ralston street. About sixty friends responded to the invitation to enjoy an ideal summer evening on a beautiful lawn. Surrounded by myriads of unique Japanese lanterns, made brilliant by the electric light, the merry company held high glee over the game of five hundred. Dainty prizes were awarded at the close of the exciting contest. Of course there was an abundance of good things to eat before the guests departed.

Evidence Not Strong Enough
Carrie Earl, the colored friend of the servant in the home of John Sunderland Jr., who was arrested Friday, charged with the theft of a diamond ring and pin belonging to Mrs. Sunderland, was released upon her own recognizance yesterday by Judge Nash. The woman still declares her innocence.

Buried Yesterday

The remains of Marshall Atwood were interred yesterday afternoon in the Old Bellows Cemetery, the funeral service taking place at the undertaking parlors of Perkins, Oliver and Gulling at 2 o'clock. The Episcopal rector at Sparks, Rev. Bellam, officiated. The Trinity choir provided the music.

Poisoned Candy Eater Better

Miss Gussie Chipman, one of the four young ladies of the Troy laundry, who were poisoned by eating candy several days ago, was reported yesterday to be slowly improving. With her recovery all the ladies will have narrowly escaped serious results.

EIGHT YEARS IN STATE PRISON

Sentence Was Pronounced Upon Drug-Crazed Harry Butts By Judge Curlier Yesterday

Harry Butts, born, raised and educated in Nevada, has done the fellow's stripes. In the district court, before Judge Curlier yesterday morning, he stood up and heard judgment pronounced upon him. For the next eight years, less credits earned by good behavior, the unfortunate fellow will spend his time behind prison walls. He was taken to Carson yesterday afternoon and last night he slept for the first time in one of the strong cells of Nevada's penitentiary.

Quite a number of old time friends were present in court yesterday when Judge Curlier was addressing the prisoner, telling him of the pitfalls that had led him to his present predicament, but holding out the hope that despite the fact that he has fallen to the level of a felon, he can live his life in prison in such a manner that when he secures his freedom he will come back to the world a true man, ready to show that it was in him to be a man.

Attorney Stoddard, on behalf of the prisoner, made a motion for a rehearing, with a view it is understood of securing another trial for his convicted client.

After Twenty Years

After being employed for twenty years as chief tinner for the Nevada Hardware and Supply Company, W. I. Thomas has resigned to engage in business for himself. He is now a member of the firm of Hamp, Simas & Co. and has entire charge of the tinning department to which special attention will be given from now on. Read the firm's new advertisement in the Journal this morning.

TO WHOM IT MAY CONCERN

State Land Office, Carson City, Nevada, May 31, 1905.

Notice is hereby given that the state of Nevada, under the act of Congress approved September 4, 1841; July 4, 1866, and June 8, 1868, has filed in the United States Land Office at Carson City, Nevada, list No. 307 of lands selected under said act, and has applied for a patent for said lands; that a part of said list is open to the public for inspection and a copy thereof by descriptive subdivisions has been posted in a convenient place in said United States Land Office for the inspection of all persons interested and the public generally.

Within the next sixty days following the date of this notice protests or contests against the claim of said State of Nevada to any tract or subdivision described in the list on the ground that the same is more valuable for mineral than agricultural purposes, will be received and noted by the register and receiver of the United States Land Office at Carson City, Nevada for report to the General Land Office at Washington, D. C.

The following are the subdivisions described, to-wit: Southeast quarter of northwest quarter of section 32, township 19 north, range 19 east, M. D. M., containing forty acres

said land and the right of way sought to be condemned, being particularly described as follows, to-wit: Commencing at a point two hundred (200) feet south of the center of the Southern Pacific Railway Company's right of way, said point being in a direct line with the center line of said Spokane street, extended, which said point is also on the northern boundary of a certain piece of parcel of land containing six and ninety-two one-hundredths (6 92) acres, now belonging to the said defendants, and heretofore known and described as being a portion of the estate of one Samuel Brown, deceased, situate, lying, and being between the said Truckee river and the said Southern Pacific Railway right of way, thence running south one hundred and eighty-one (181) feet more or less to the Truckee river, thence turning and running easterly along the edge of said Truckee river twenty (20) feet; thence turning and running northerly one hundred and eighty-one feet (181) feet more or less to the northern boundary of said tract of land, thence turning and running westerly along said northern boundary twenty (20) feet to the place of beginning, comprising a strip of land one hundred and eighty-one feet in length, more or less, and twenty (20) feet in width. All of said land being in the City of Reno, county of Washoe, State of Nevada, and in the southeast quarter of the northwest quarter of Section 12, Township 19 North, Range 19 East, Mount Diablo Base and Meridian.

Plaintiff alleges that the use for which said land is sought to be condemned is public and necessary; that said right of way is required and sought to be condemned for the purpose of extending, constructing, maintaining and operating a public sewer and an outlet therefor, through said land to the said Truckee river. All of which will more fully appear from the Complaint, which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed the seal of said court, at Reno, this 10th day of June, A. D. 1905.

STOCK MARKET IS LOOKING UP

Reno Brokerage Company Prophesies Steady Rise in Prices From Now On

Stock market conditions at the present writing are somewhat stagnant. There is no particular "slump" on, merely an absence of both buyers and sellers, consequently very little movement either way. Partly this can be ascribed to the fact that some of the weather traders are now rustivating, consequently considerable money usually used in stock transactions is now withdrawn from these channels. However the leading stocks are held pretty stiffly.

Tonopah Mining, with its quarterly dividend of 25 cents per share, is strong at \$13 bid.

Montana, on the strength of a rich strike advanced today to \$325 bid. The management announce a quarterly dividend of 10 cents per share on this stock, which would net the investor 12 1/2 per cent per annum on his money at this price.

Tonopah Extension is another dividend payer, and is strong at \$5 bid. Golden Anchor is steadily advancing and we believe this property will shortly warrant a material increase in the price of the stock. Our judgment is that this is a buy at 95 cents.

North Star, despite the fact that preparations for shipments are being made, has receded slightly in price. This stock will see a material increase inside of thirty days.

West End—While this property is admirably located, we believe that \$1 per share is too high considering the present showing.

Midway—This old reliable seems to be wavering and we do not look for any rise to speak of for at least a month. The present price is \$1.50.

Jim Butler should be bought at present low figures. This stock has wavered between 70 and 80 cents during the week and a rise can be looked for any day.

The Goldfield stocks have been steady, without much action.

Blue Bull, a strike recently made, places this stock in the investment class. This stock at 14 or 15 cents is one of the best buys in the district. This property will soon be a regular shipper.

Goldfield of Nevada is hovering around the 59 cent mark and we believe it a purchase at these figures.

Sandstorm is held around 61 cents, chiefly caused by inside support.

Jumbo at 73 cents does not record any movement.

Jumbo Extension—As predicted by us last week when this stock was at 13 cents, Jumbo Extension has taken an advance. It is 17 cents bid today and will go higher.

Diamondfield and Black Butte have consolidated and we look to see a rise. At 45 cents this stock is a buy. The former has entered the ranks of the dividend payer, declaring 2 cents per share dividend.

Reno Top has had a small decline to 38 cents. We look for a reaction.

Bullfrog is quieter, due no doubt to the hot weather. The stocks in this district are strong notwithstanding.

Bullfrog Mining had a reaction to 85 cents, but will undoubtedly spring back to the \$1 mark.

National Bank has also declined, but this is a great property and we strongly advise its purchase.

Gold Butte is another purchase at 23 cents. This property shows up in fine shape.

Eclipse has had a very material advance, due to the rich strike on the property. Three weeks ago it sold for 15 cents, it is now 32 cents bid.

The great Montgomery Shoshone is still breaking records and when cooler weather comes Bullfrog will see very active times, and we advise intending investors to purchase now.

In conclusion we do not believe that stagnant conditions will last much longer, as development will undoubtedly show riches which will not go begging for a market, as is the case at present. Very truly,

A. J. FROELICH,
Manager Reno Stock Brokerage Company.
Reno, July 21, 1905.

They Beat the Record

A happy hunting party returned home yesterday, consisting of James Clark, Charles Borden, Charles Hardin and Sam McLaughlin. These gentlemen spent the previous two days in the country, this side of Pyramid Lake, and brought with them as an evidence of their skill as marksmen thirty-one doves. It is said that this exceeds all previous records. They report having had a most enjoyable outing.

Working to Capacity

Three carloads of flour, grain and feedstuffs were shipped from the Riverside Mill Company yesterday. This is but an average shipment, says Captain Cox. The total shipments last month were seventy-eight cars. Most of this product is shipped to points in Nevada. The mill is now working a large force of men.

On a Tour of Old Mexico Miss Anna Frandsen left last evening for a six weeks' trip through the southern California and the principal part of interest in Old Mexico. In California she will join a party of friends and together they will make a trip.

They Will Visit Europe Mrs. A. Leonoso and Miss S. Belcourt, proprietors of the Fremont house, started last evening on a trip to Europe. They intend to visit their home and will be absent about six months.

Well-Known Fight Promotor Is
Heavily Interested in Prom-
ising Mt. Como Property

Joe Egan, secretary of the Reno Athletic Club, one of the promoters of the Hart-Root fight and a mining man, returned last evening from a trip to Mount Como, situated about thirty-five miles southeast of Dayton.

Mr. Egan, together with a party of well known Nevadans, owns a group of twenty-five promising claims near Mount Como. He has had a force of men employed on the property and the indications are so promising that they have organized a company and will develop the claims on an extensive scale. Organization was perfected last week at Yerington by the election of the following officers: M. Egan, president; J. E. Egan, vice president; George Hayward of Yerington, treasurer; Frank Shortell, secretary.

The company has been incorporated in the sum of \$250,000, divided into an equal number of shares at a par value of \$1 each. Of this amount \$50,000 has already been subscribed.

The gentlemen interested in the property are confident they have one of the biggest propositions in the state. There are three distinct ledges on the claims and the croppings can be traced for four miles.

Arrangements have already been made for the erection of a large house and barn and work will start at once. Two shifts being employed. The first work to be undertaken will be to run a tunnel 700 feet in length.

**NOW DETERMINED TO
LEAD A BETTER LIFE**

D. J. E. Burr, who was stricken with heart trouble Friday while working among the city prisoners on the chain gang, was much improved yesterday and able to walk about town. He was discharged by Judge Richardson upon his own recognizance and claims that he intends to let liquor alone hereafter.

What the future has in store for this unfortunate man is of particular interest to him now, after this recent experience. His life has been a checkered one, filled with calamity. Referring yesterday to it the doctor, naturally bright and polished by his student life at the Ann Arbor University, said:

"A few years ago I went on the bond of a county treasurer in Idaho for \$15,000 and by the actions of that friend I was forced to pay the amount. This swallowed up every cent I had accumulated. Then following closely upon that misfortune I had trouble in my family, which consisted of my wife and two children. Divorce separated us. Then I didn't care what happened to me and I began to drink. I feel that this last experience is at the bottom of my troubles and that from now on I will start upward and make something of myself."

Said She Would "Fix" Her
Miss Phillipe Helalgo, one of the French habitues of the Tenderloin district, was arrested yesterday, charged by one Clara Stewart with assault. The case was taken up at once by Judge Nash and after hearing the testimony, fined the defendant \$10, which was paid and the girl released.

The trouble grew out of the fact that on Friday night at a late hour Phillipe went to the room of the complainant and with a knife in her hand threatened her with bodily injury for certain actions of hers.

Many Union Men Favor Giving
Capital City the Celebration
This Year

A meeting of the delegates from the different labor unions throughout Nevada will be held at Carson this afternoon. The meeting is called for the purpose of arranging for a labor day celebration to be held at the capital city.

Union men having the welfare of organized labor at heart have been endeavoring for the past several days to adjust the misunderstanding regarding where the celebration will be held. Several prominent union men in Reno were interviewed yesterday and asked for their opinion as to where to observe the day. They all agreed that Carson should be given a chance this year. The custom has been to give the surrounding towns an opportunity for a celebration each year. From what can be learned this is Carson's year to celebrate and in the event that the misunderstanding is settled every one in Reno will help make the capital city celebration the success it should be.

The merry-go-round runs Sunday night for the last night here. The Wheelmen Band will also play. jy23t1
